Milford Waterfront

DISCOVER COAST & CLEDDAU MAZE

Can you get our boat Discovery to the puffins on Skomer Island?

Start here!

DID YOU KNOW?

Puffins are experts at flying and can flap their wings up to 400 times per minute and can reach speeds up to 40 miles per hour!

DID YOU KNOW?

Puffins make **Skomer Island** their home from April to nest. The best time to see them is mid June and July! Our **boat trips** give you the perfect experience to watch these spectacular birds up close with plenty of wildlife to see along the way!

Milford Waterfront
ARTS & CRAFTS SHARK
Follow the directions below to make your own shark!

WHAT YOU'LL NEED:
- Toilet Paper Cardboard Tube
- Grey Paint, Pen or Paper
- Black Pen or Googly Eyes
- Glue or Glue Stick
- Scissors

Make sure you ask a parent or adult for help!

STEP 1:
Cut the toilet paper tube!
- You want to cut two triangles at the same end of the tube to create your sharks mouth.
- **Don't** throw away the triangles as you'll need them!

STEP 2:
Turn your toilet tube grey!
- You can either paint the toilet paper tube grey (mix white and black paint if you don't have grey), colour in the tube with a grey felt tip or use grey paper like us!
- Don't forget the triangles too
- Paint on something you don't mind getting messy

STEP 3:
Cut out your shark's teeth!
- Whilst you wait for your tube to dry, make your shark's sharp teeth by cutting out our templates below...you can use as many as you like!

STEP 4:
Put it all together!
- Use a glue stick or glue to stick your teeth onto the tube, glue the triangles to make the shark fin and tail and glue on the googly eyes (Use a black pen if you don't have any googly eyes!)
- Use your black pen to draw on some gills!
