

# Pedestrian Access

Redirected pedestrian access during the demolition of Burnyeats Building

Pedestrian Footpath

Traffic speed limit 10mph

Restricted parking  
Permit Holders and  
Vets' Parking only

Restricted parking  
Residents only

In order to safely demolish the existing Burnyeats Building, pedestrians will be rerouted from the path along Whittow Wharf, crossing over the road just in front of All Pets Vet Care, and continue past The Walters Group and Milford Haven Museum, before crossing back on the road behind Scott's Sweet Shop, just on the corner of Victory House. There will be no pedestrian access along the water side of the demolition area. There are signposted pedestrian crossings at the both points of the diverted route.

The build of the new 100 bedroom hotel will begin in January 2021 and is expected to take around 18 months.
